

Credit Arrangement

ANU College of Engineering and Computer Science & Liaoning University

The table below outlines the minimum academic requirements and indicative credit that may be granted. Note: All applicants must provide evidence that their English language ability meets minimum requirement for admission. For detailed information please visit: anu.edu.au/study/apply/english-language-requirements

Credit Arrangement: Bachelor of Information Technology

Completion of first 2 years of Liaoning University Bachelor Degree in:	ANU Bachelor Degree	ANU Normal Duration in years	Advanced Standing in years (Credits)	Time to complete degree at ANU	Academic Requirements
Bachelor of Science in Computer Science and Technology	Bachelor of Information Technology <ul style="list-style-type: none"> Information Systems Software Development 	3 years	1 years (48 units)	2 years	80% average at Liaoning University

NOTE: Students must study the following courses at Liaoning University - Principles of databases and Software Engineering

Sample Study Plan: Semester 1 Commencement (February) - Software Development Major

Students study four courses per semester at ANU. For more details on each courses listed below, please visit: programsandcourses.anu.edu.au

	ANU Semester 1 (February)	ANU Semester 2 (July)
Year 1 at ANU	<ul style="list-style-type: none"> COMP2420 Introduction to Data Management, Analysis and Security 2000/3000/4000-series IT (6 units) [2] Elective (6 units) [1] Elective (6 units) [1] 	<ul style="list-style-type: none"> COMP1600 Foundations of Computing COMP2120 Software Engineering COMP2310 Systems, Networks and Concurrency COMP3900 Human Computer Interface Design and Evaluation
Year 2 at ANU	<ul style="list-style-type: none"> COMP3120 Managing Software Development COMP3500 Software Engineering Project Elective (6 units) [1] Elective (6 units) [1] 	<ul style="list-style-type: none"> COMP3500 Software Engineering Project COMP3600 Algorithms 3000/4000-series IT (6 units) [2][3] Elective (6 units) [1]

[1] May include no more than 24 units of 1000-series courses.

[2] Some 3000/4000-series IT electives may have specific prerequisites that are not covered by the courses specified in the table.

[3] Must be from the second list in the major.

[4] Students starting in 2017 can do COMP2420 in 2018.

[5] Students starting in 2017 can do COMP2130 instead of COMP2120.

[6] Students starting in 2017 can do COMP2310 Concurrent and Distributed Systems instead of COMP2310 Systems, Networks and Concurrency.

NOTE: It is a student's responsibility to ensure the above is correct and satisfies the degree requirements of the program. This is a guide only and is provided to assist students with their enrolment planning. (Last Updated: September 2017)
